Dear Representative Roy,

Issue. Briefly discuss the issue, justify the need, and propose a solution

As a constituent and a concerned supporter of our nation's troops, I am writing to urge you to help fix the Department of Defense's (DoD) broken Disability Evaluation System (DES).

Every year, thousands of military personnel suffer career-ending disabilities in service to our country. These heroes have the right to be processed for Medical Retirement, Medical Separation, and/or Retention through the DoD's DES. Unfortunately, our Military separates thousands of wounded warriors every year prior to delivering a satisfactory resolution to their disability determination. Mentally and physically broken, suddenly unemployed, and unceremoniously abandoned by the military – these veterans need a lifeline to pull them through an overwhelming and tumultuous DES appeals process and guide them back on to stable ground.

Action. Clearly state your call to action for them.

I am writing to inform you about a non-profit organization that I personally support – The Warrior's Lawyer (www.thewarriorlawyer.com) – which is the only certified 501(c)(3) non-profit organization with an exclusive focus on protecting the rights and entitlements of injured service members (pro bono) and fixing the DoD's broken DES!

I urge you to reach out to The Warriors' Lawyer to discuss how you and your Congressional colleagues can help drive change in the relevant laws, underlying processes, and specific Service Branch deficiencies related to DES.

Close. Remind them of the ask and thank them for their consideration.

Please contact Peter Faerber (peter.ferber@thewarriorlawyer.com) to find out how you can support our wounded, ill, and injured Service Members and Veterans. Mr. Faerber is not only the Founder and President of The Warriors' Lawyer; he is also an experienced DES attorney, Judge Advocate, and Lieutenant Colonel with 28 years in the U.S. Marine Corps.

I know that Mr. Faerber is looking forward to hearing from you soon. Thank you!

Sign. Provide your name, contact info, relevant title, and institution.

Sincerely,
